BUILDING SERVICES/PROJECT COORDINATION
CONSULTANT

Client: RapidEye AG
Brandenburg

Duration and Value: 09.2008 – 03.2009
Contract value 180 000 €

Tasks:

- Installation of a UPS system and cooling systems for a UPS and an IT room
- Design and construction of the new air conditioning for DC and UPS room
- Design and construction of complete power supply infrastructure from utility feed through UPS right down to the server racks

Services:

- HOAI phases 1 – 9
- Consultation and planning
- Project coordination consulting services for implementation

Highlights:

- Retrofit during ongoing facility operation
- Designed to meet stringent noise immission requirements as the cooling system is located in an inner courtyard (residential and office building)
